DETAILED ACTION

This Office action is in response to applicant's amendment filed on 18 April 2005.

Allowable Subject Matter

1. Claims 1, 3, 5-6 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1, 3, 5-6 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a flip chip mounting method that includes a chip with a pad and a fuse that are both covered with an insulation film combined with the step of selectively removing the insulation over the pad to expose the pad that also includes removing insulation from above the fuse, wherein, after the selectively removing step, a polyimide film is formed on the insulation film with a first opening to expose the pad and a second opening above the fuse.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
